

INTRODUCTION *ATH-Præzis*

The Business

ATH-Præzis works with its customers, as their collaborative-partner, to develop solutions and service-offerings that are tailored to, and enable its customers to expand value, enhance efficiencies, optimise cost-base.

It provides specialised, often-custom-built, services to companies that constantly seek to improve their delivery of value to its shareholders as well as to its customers by continuously challenging costs, efficiencies, and removing 'glass-ceilings' where found. The Firm

'*Præzis*' is derived from the German-Swiss word, *prazise* (or precision). A venture of the ATH Group, **ATH-Præzis** proudly and confidently delivers on its commitments with Precision, Speed, and Accuracy.

ATH-Præzis has built a reputation for taking on challenges that others may shy away from - setting the bar ever higher for themselves and our industry with each project.

The firm's roots go back to the 1960's then exceling in the delivery of 'world-class' solutions in built environment as well as chemical, process industry solutions, and in the 1980's with the founding of ManTech which delivered optimised investment, technical and engineering consulting services for enterprises.

ATH-Præzis has inherited; concern for relationship, strong value of customer, and regard for legacy. With these it aims to deliver **Values Without Borders** to its customers.

The Service

Recognised for attention to detail and speed of service, **ATH-Præzis** balances innovative, responsive solutions with a pragmatic, cost-conscious approach. This client-centred philosophy earns **ATH-Præzis** customer trust and lasting business relationships.

ATH-Præzis works with its customers on any sizes of project - small or large, urgent or planned, meeting client's current and future needs.

Each assignment is led by one of **ATH-Præzis** hands-on principals and embraced by a carefully selected project team of seasoned professionals. Service 'Building Blocks' already available with **ATH-Præzis** may be configured, utilised, or completely new solutions structured. These core groups collaborate with a staff and resources carefully selected in order to completely satisfy customers' objectives. Services are provided from a choice of several 'verticals'.

Assignments are approached by **ATH-Præzis** with a hard focus on results, delivery of value to stakeholder on all counts - particularly with a sharp focus on the impact on 'bottom line'. A pragmatic, cost-conscious, 'time is of the essence' approach is combined with attention to detail when providing innovative, responsive solutions to Clients. Experts with hands-on personal track-record of delivery of results do not let operational concerns, business-value out of sight.
